COVID-19 Memorandum to Membership

With COVID-19 impacting our daily lives across the country, we would like to update membership on changes to Party operations during this time.

Virtual National Office

For the time being, work that normally takes place out of the National Office in New York City will be conducted remotely by our National Secretary. While we do not anticipate any significant impact on day-to-day Party functions, we do ask for patience and support as we strive to keep operations as normal as possible.

Resources for Locals

In an effort to maintain regular local meetings, we are making Zoom video conferencing available via the National Office to all chartered locals. If you would like to schedule a Zoom call for your local, please contact the National Office at natsec@socialistparty-usa.org. Please note that only one conference call can take place at a time. Conference times will be booked on a first-come, first-served basis.

In addition to Zoom, we invite you to participate in the Party's online discussion forum at <https://spusa-discussion.discussion.community/>. If you do not already have login information, you may request access on that site or by e-mailing natsec@socialistparty-usa.org and an e-mail invite will be sent to you. Requests will be processed by the virtual National Office in as timely a manner as possible.

National Organizing Conference

At present, the 2020 National Organizing Conference that would normally take place this summer
